

# SANYAM DIKSHIT

Senior .NET Full Stack Developer · 4.5+ Years Experience

✉ dixitsanyam6@gmail.com    📞 +91-9897921509    🔗 LinkedIn    💎 GitHub    📍 Noida, Uttar Pradesh

## PROFESSIONAL SUMMARY

Results-driven **Senior .NET Full Stack Developer** with **4.5+ years** of experience designing, developing, and maintaining **scalable, enterprise-grade applications**. Proficient in building **RESTful APIs**, **microservices architecture**, and **multi-tenant SaaS platforms** using **C#, ASP.NET Core, Entity Framework Core**, and **SQL Server**. Proven track record in implementing **Clean Architecture**, **CQRS patterns**, and **CI/CD pipelines** with Azure DevOps. Experienced across **healthcare, CRM, and QSR domains** serving high-traffic, multi-store environments. Passionate about writing clean, testable code and continuously optimizing software delivery.

## TECHNICAL SKILLS

|                 |                    |              |                 |                    |                   |                 |      |           |             |
|-----------------|--------------------|--------------|-----------------|--------------------|-------------------|-----------------|------|-----------|-------------|
| Backend         | C#                 | ASP.NET Core | .NET 6/7/8      | Web API            | EF Core           | ADO.NET         | LINQ | Dapper    | MediatR     |

★ KEY ACHIEVEMENTS

- ★ Reduced API response time by **40%** through CQRS implementation with MediatR across multi-tenant platform
- ★ Built CI/CD pipelines reducing deployment cycles from **hours to minutes**, enabling daily production releases
- ★ Designed multi-tenant architecture supporting **50+ store locations** with role-based data isolation
- ★ Optimized SQL Server queries reducing report generation time by **50%** for retail analytics dashboard
- ★ Mentored junior developers on .NET Core best practices, code review standards, and Clean Architecture principles
